GOVERNMENT OF INDIA
WATER RESOURCES, RIVER DEVELOPMENT AND GANAGA REJUVENATION
LOK SABHA

UNSTARRED QUESTION NO:691
ANSWERED ON:20.07.2017
Capacity of Dams
Jardosh Smt. Darshana Vikram

Will the Minister of WATER RESOURCES, RIVER DEVELOPMENT AND GANAGA REJUVENATION be pleased to state:

(a) whether the Government has started the work relating to inter-linking of Ken and Betwa rivers in the Bundelkhand region so that the region gets rid of drought and if so, the details thereof;
(b) the details of the progress made in regard to the said project during the last three years;
(c) the approximate hectare area of land turned barren due to lack of irrigation in Bundelkhand region of Uttar Pradesh and Madhya Pradesh during the said period; and
(d) the number of dams to be constructed by the Government in Bundelkhand region under the Ken-Betwa river link project including the number of districts in which it is planned to provide irrigation facilities along with the time by which the said project is likely to be completed?

Answer

THE MINISTER OF STATE FOR WATER RESOURCES, RIVER DEVELOPMENT AND GANGA REJUVENATION
(DR. SANJEEV KUMAR BALYAN)

(a) to (d) A statement is laid on the Table of the House.

*****

STATEMENT REFERRED TO IN REPLY TO PARTS (a) to (d) OF STARRED QUESTION NO. *62 TO BE ANSWERED ON 20.07.2017 REGARDING KEN-BETWA RIVER LINK PROJECT.

(a) to (d) The Hon'ble Supreme Court in the matter of Writ Petition (Civil) No. 512 of 2002 "In Re: Networking of Rivers" along with Writ Petition (Civil) No. 668 of 2002 ordered that the Ken-Betwa River Link Project be taken up for implementation in the first instance.

On the basis of Memorandum of Understanding signed between the States of Madhya Pradesh and Uttar Pradesh dated 25.8.2005, Detailed Project Reports (DPRs) of KBLP Phase-I & II have been prepared and shared with the concerned States of Madhya Pradesh and Uttar Pradesh. The Project has already received the following mandatory clearances:

1. Techno-economic clearance has been accorded by the Advisory Committee on Irrigation, Flood Control & Multipurpose Projects of Ministry of Water Resources, RD & GR in its meeting held on 8th July, 2016.
2. The MoEF&CC issued wildlife clearance on 21st September, 2016.
3. Expert Appraisal Committee (EAC) of MoEF&CC considered environment clearance in its first meeting held on 30th December, 2016 and recommended the project for grant of environmental clearance.
4. On the basis of recommendations of the Forest Advisory Committee (FAC), Central Government has granted the approval of Stage-I Forest Clearance for KBLP Phase-I vide MoEF&CC letter dated 25th May, 2017.
5. Ministry of Tribal Affairs (MoTA) has examined the case and accorded the clearance vide their letter dated 4th January, 2017.
6. The project proposal of KBLP has been recommended by the Investment Clearance Committee of the Ministry in its 5th meeting held on 10th February, 2017 and the same has been considered acceptable for investment in the State Plan with an estimated cost of Rs. 18057.08 crore at Price Level 2015-16.

The KBLP will provide irrigation to an area of 6,35,661 ha annually (3,69,881 ha in MP and 2,65,780 ha in UP) in the Chhattarpur, Tikamgarh and Panna districts of Madhya Pradesh and Mahoba, Banda, Lalitpur & Jhansi districts of Uttar Pradesh. In addition, the project will provide 49 million cubic meter (MCM) of water for enroute drinking water supply to population of 13.42 lakh of UP & MP. The project will also generate 78 MW of power. The total construction period of the Project is about 8 years. A Draft Cabinet Note for implementation has been circulated on 30th May, 2017 to concerned Ministries/Departments for their comments/views.

This Project was reviewed at a high level and it was decided that Ken-Betwa Link Project (KBLP) should be taken up for implementation through an SPV consisting of NHPC and representatives of Governments of Madhya Pradesh and Uttar Pradesh.

The status of the Project was further reviewed at a high level on 04.07.2017 with Chief Secretary, Govt. of Madhya Pradesh and Principal Secretary, Irrigation Department, Uttar Pradesh. The Government of Madhya Pradesh has proposed that Kotha Barrage, Bina Complex and Lower Orr Dam be also included in the Project. Their status is as under:

Project Status
Lower Orr DPR of lower Orr Dam submitted to CWC for appraisal on 4th July, 2017 − Under examination in CWC
Bina Complex DPR is under appraisal in CWC. The compliance to the CWC observations is yet to be submitted by GoMP.
Kotha Barrage DPR of Kotha Barrage has been submitted to CWC for appraisal, in March, 2017 − Under examination in CWC.
Left out areas in phase 1 The proposal is being prepared and will be submitted to CWC for appraisal by 31.7.2017.

This would also affect the initial allocation of water between the two States as per the 2005 agreement. It was therefore, decided that both the State Governments should work out an agreement on mutual water sharing to take KBLP forward. The implementation of KBLP would be taken up once the two States have reached an agreement on water sharing.

No area of land turned barren due to lack of irrigation in Bundelkhand region of Uttar Pradesh and Madhya Pradesh during period has been reported to the Ministry.
